## ***Our Vision:***

***“A leading regional economic driver and a socially interactive and inclusive community”***

**Our Mission:** Provide leadership, direction and opportunities for the community.

**Key Principles:** In achieving the Vision and Mission, we will set achievable goals and work with the community to maintain a reputation of openness, honesty and accountability. In doing so, we will:

- respect the points of view of individuals and groups;
- build on existing community involvement;
- encourage community leadership;
- promote self-reliance and initiative;
- recognise and celebrate achievement;
- support the principles of social justice; and
- acknowledge the value of staff and volunteers.

# Forward

The Strategic Community Plan outlines community long term (10+ years) vision, values, aspirations and priorities, with reference to other Shire plans, information and resourcing capabilities.

This plan, the Corporate Business Plan, provides the internal business planning tool that translates Council priorities into operations within the resources available. It details the services, operations, projects, and the associated cost, the Shire intends to deliver over the next four years.

Leigh Ballard  
Shire President

Dale Stewart  
Chief Executive Officer

28 July 2021

*The Shire of Narrogin acknowledges the Noongar people as traditional custodians of this land and their continuing connection to land and community. We pay our respect to them, to their culture and to their Elders past and present.*

# Planning Framework

This Draft Corporate Business Plan 2021- 2025, together with the Strategic Community Plan 2017-2027, is the Shire of Narrogin's Plan for the Future and has been prepared to achieve compliance with *the Local Government (Administration) Regulations 1996*.

Under *Local Government (Administration) Regulations 1996* Regulation 19DA (3),

"A Corporate Business Plan for a district is to:

- a) set out, consistently with any relevant priorities in the Strategic Community Plan, a local government's priorities for dealing with the objectives and aspirations of the community in the district; and
- b) govern a local government's internal business planning by expressing a local government's priorities by reference to operations that are within the capacity of the local government's resources; and
- c) develop and integrate matters relating to resources, including asset management, workforce planning and long-term financial planning."

In the preparation of the annual budget the local government is to have regard to the contents of the Plan for the Future as per Section 6.2(2) of the *Local Government Act 1995*.

Development of the Plan has also been influenced by the Department of Local Government, Sport and Cultural Industries Framework and Guidelines for Integrated Planning and Reporting.

## Strategic Community Plan

The Narrogin community had a strong involvement and voice in the development of the Strategic Community Plan. Commencing in January 2017, the community were invited to share their visions and aspirations for the future of Narrogin, and the Plan has subsequently been reviewed and updated to reflect the community aspirations.

The community shared what they considered most special about the district and their aspirations for the future. The sense of community and a country town feel was highly regarded along as was the multicultural community and the history of the district. It was evident the community values their natural environment and the many native reserves. High quality regional sporting and recreation facilities, along with medical and education services available in Narrogin were also very important.

The community strongly identified their desire for further economic development, supporting current local industry whilst pursuing opportunities for economic diversity and growth.

This information provided a valuable insight into the key issues and aspirations, as perceived by the local community. Importantly for the Council, these views have helped establish clear priorities and shaped the visions, values, objectives and strategies contained within the Strategic Community Plan 2017 - 2027.

# Planning Framework (continued)

## Corporate Business Plan

Achieving the community's vision and the Shire's strategic objectives requires the development of actions to address each strategy contained within the Strategic Community Plan. Careful operational planning and prioritisation is required to achieve the outcomes due to the constraints of limited resources. This planning process is formalised by the development of this Corporate Business Plan. The Corporate Business Plan then, in turn, converts the Strategic Community Plan into action via the adoption of an Annual Budget.

The Draft Corporate Business Plan 2021- 2025 must be reviewed annually to assess the progress of projects and realign the Plan's actions and priorities based on current information and available funding.

Actions requiring funding will only be undertaken once approved within the statutory budget and subject to funding availability. Along with achieving the community aspirations and objectives the Corporate Business Plan draws on information contained within the following strategic documents.

## Asset Management Plan

The Shire has developed Asset Management Plans for major asset classes in accordance with the Asset Management Policy. The Asset Management Plans form a component of an overall Asset Management Strategy which addresses the Shire's current asset management processes and sets out the steps required to continuously improve the management of Shire controlled assets.

Capital renewal estimates contained within the Asset Management Plans have been considered to the extent the financial and workforce resources are available to enable the renewals to occur.

## Workforce Plan

The Workforce Plan provides the workforce management and resource strategies necessary to deliver the objectives, outcomes and strategies of the Shire's Strategic Community Plan.

Workforce issues have been considered during the development of this Corporate Business Plan and the financial impacts of the Workforce Plan captured within the Long Term Financial Plan. A combination of workforce and financial constraints has influenced the prioritisation of actions within this Plan.

## Long Term Financial Plan

The Shire of Narrogin is planning for a positive and sustainable future. The Shire seeks to maintain, and where possible, improve service levels into the future while maintaining a healthy financial position.

During the development of this Corporate Business Plan, the Long Term Financial Plan was updated to confirm the financial capability to undertake the planned actions and ensure integration with this Plan. The results of this update are reflected within the Forecast Statement of Funding on the following page.

## Review of Plan

In accordance with statutory requirements, the Corporate Business Plan is reviewed and updated annually. The review of this Plan occurred following a major review of the Strategic Community Plan in 2017.

# Forecast Statement of Funding

The following Statement is extracted from the Long Term Financial Plan to provide an indication of the activities proposed in the Corporate Business Plan. This forecast is underpinned by a number of assumptions that provided a reasonable estimate of activity.

# Service Delivery

The Shire of Narrogin delivers services to its community in line with its mission, values and four key strategic objectives as set out within the Strategic Community Plan.

Each of the four objectives has several outcomes the Shire seeks to achieve over the 10+ years of the Strategic Community Plan. For each objective, one or more desired outcomes has been defined along with strategies to achieve the outcomes.

The outcomes were developed after considering the community engagement process and other external factors such as the available plans published by other government agencies.

The tables on the following pages detail future actions to be undertaken for each strategy. Prioritisation of the actions is reflected by the square indicating when the action is planned to be undertaken. This prioritisation guides the delivery of services and implementation of the actions.

The table below summarises the desired outcomes under each of the four key themes and strategic objectives.

Objectives		Outcomes	
<b>ECONOMIC</b>	<i>Support growth and progress, locally and regionally</i>	<b>Outcome 1.1</b> <b>Outcome 1.2</b> <b>Outcome 1.3</b> <b>Outcome 1.4</b>	Growth in revenue opportunities Increased tourism An effective well maintained transport network Agriculture opportunities maintained and developed
