

Town of Narrogin

## MINUTES

### ORDINARY COUNCIL MEETING

**27 MAY 2014**

COMMENCING AT 7:30 PM  
COUNCIL CHAMBERS  
THE TOWN OF NARROGIN  
89 EARL STREET  
NARROGIN, WA 6312

**Meaning of and CAUTION concerning Council's "In Principle" support:**

When Council uses this expression it means that: (a) Council is generally in favour of the proposal BUT is not yet willing to give its consent; and (b) Importantly, Council reserves the right to (and may well) either decide against the proposal or to formally support it but with restrictive conditions or modifications.

Therefore, whilst you can take some comfort from Council's "support" you are clearly at risk if you act upon it before Council makes its actual (and binding) decision and communicates that to you in writing.

**Disclaimer:**

"Warning - Verbal Information & Advice: Given the inherent unreliability and uncertainty that surrounds verbal communication, the Town strongly recommends that, if a matter is of importance to you, then you should NOT act upon or otherwise rely upon any VERBAL information or advice you receive from the Town unless it is first confirmed in writing."

These minutes were confirmed at the Ordinary Council meeting held on 10 June 2014

Signed .....  ..... Date .....  .....  
(Presiding Member at the meeting at which minutes were confirmed)

## ORDINARY COUNCIL MEETING MINUTES

27 May 2014

### 1. OFFICIAL OPENING/ANNOUNCEMENT OF VISITORS

Mayor Ballard opened the meeting at 7:36 pm.

### 2. RECORD OF ATTENDANCE/APOLOGIES/APPROVED LEAVE OF ABSENCE

In Attendance:

Mayor Ballard  
Deputy Mayor Paternoster  
Cr Russell  
Cr Ward  
Cr Bartron  
Cr Schutz  
Mr Cook – Chief Executive Officer  
Mr Bastow – Director of Corporate and Community Services  
Mr Robinson – Director of Technical and Environment Services  
Ms French – Executive Assistant

Leave of Absence: Cr Kain & Cr McKenzie

### 3. DECLARATION OF INTEREST BY ELECTED MEMBERS AND COUNCIL EMPLOYEES IN MATTERS INCLUDED IN THE MEETING AGENDA

Cr Schutz declared a financial interest in Item 10.2.290

### 4. RESPONSE TO PREVIOUS PUBLIC QUESTIONS TAKEN ON NOTICE

NIL

### 5. PUBLIC QUESTION TIME

NIL

### 6. APPLICATIONS FOR LEAVE OF ABSENCE

Cr Bartron requested a leave of absence from the Council meeting June 24<sup>th</sup> 2014.

**Council Resolution: 0514.60**

**Moved:** Cr Ward

**Seconded:** Cr Paternoster

That Cr Bartron be approved a leave of absence for the June 24<sup>th</sup> Council Meeting.

**CARRIED 6/0**

**7. CONFIRMATION OF MINUTES OF PREVIOUS MEETINGS**

**Council Resolution: 0514.61**

**Moved:** Cr Paternoster

**Seconded:** Cr Bartron

That Council:

Accept the minutes of the Ordinary Council Meeting held on 13 May 2014 and be confirmed as an accurate record of proceedings.

**CARRIED 6/0**

**8. ANNOUNCEMENTS BY THE PERSON PRESIDING WITHOUT DISCUSSION**

Nil

**9. PETITIONS/DEPUTATIONS/PRESENTATIONS/SUBMISSIONS**

Nil

**10. MATTERS WHICH REQUIRE DECISIONS**

## **10.1 DEVELOPMENT AND TECHNICAL SERVICES**

### **10.2.290 TENDER FOR THE PROVISION OF DOMESTIC KERBSIDE RECYCLING COLLECTION**

**File Reference:** 13.3.1  
**Disclosure of Interest:** Nil  
**Applicant:** N/A  
**Previous Item Nos:** Item 10.1.240 – 11 February 2014  
**Date:** 21<sup>st</sup> May 2014  
**Author:** Brian Robinson, Director Technical & Environmental Services

**Attachments:** Relevant Excerpts from Submitted Tender

#### **Summary:**

At its meeting held on the 11<sup>th</sup> February 2014, Council resolved to call for tenders for the provision of a kerbside recycling collection service to operate on a fortnightly basis from July 2014 to February 2016 using 240 litre recycling bins. Council is now requested to consider the single tender received.

#### **Background:**

The Town of Narrogin currently does not operate a kerbside collection service for recyclable materials. Great Southern Waste Disposal are currently employed by the Town of Narrogin to provide a general waste kerbside collection service for all premises within the Town of Narrogin.

In June 2013, Council resolved to support the introduction of bulk recycling bins at the White Road refuse site. Although this service has decreased the volume of recyclable materials being disposed of by landfill, this service is not practical for a significant portion of the Narrogin community who do not access the tip site.

Although bulk bins for recycling are located at the White Road refuse site, the majority of recyclable materials are still collected as part of the general waste bin collection service. Material collected as part of the current service is disposal of as landfill.

Recognising the importance of recycling, Council resolved to call for tenders to provide a kerbside domestic recycling collection service. The tender period has now closed with only one tender being received from Great Southern Waste Disposal. Relevant excerpts from the submitted tender are shown attached.

Council is now requested to consider accepting the tender and introducing a recycling collection services in the 2014/15 financial year.

**Comment:**

To assist Council in determining whether to award the tender to Great Southern Waste Disposal, the following comments are offered in respect of the Tender Selection Criteria:

**Tendered Price**

The tender received from Great Southern Waste offers to provide a kerbside collection service for recycling at a cost of \$3.19 per household. On the basis of a fortnightly collection service, the annual cost for each household would be \$82.94.

**Experience and Current Services for Local Government**

As detailed above, Great Southern Waste disposal is currently contracted to undertake the Town of Narrogin's weekly general refuse collection. This contract was first awarded to Great Southern Waste in 1999.

The company is an experienced service provider, providing the following waste collection services to other local governments within the Wheatbelt:

**General Waste and Recycling**

- Shire of Brookton
- Shire of Narrogin
- Shire of Pingelly
- Shire of Wagin
- Shire of West Aurthur
- Shire of Wickepin

**General Waste Only**

- Shire of Broomehill-Tambellup
- Shire of Dumbleyung
- Shire of Katanning
- Shire of Kent
- Shire of Woodanilling

In 2010 Great Southern Waste Disposal commenced the operation of a material recovery centre on Graham Road in the Narrogin Industrial Area. This centre is used to process and recover recyclable materials such as Paper, Steel and Aluminium Cans, Plastic bottles, glass bottles and jars, drink cartons and cardboard.

Great Southern Waste Disposal also manages two landfill sites on behalf of the Shire of Brookton and the Town of Narrogin.

Given the number of services currently provided to local government and the fact the company operates a waste recovery centre, the author considers that Great Southern Waste is well positioned to provide a domestic recycling collection service.

**Standard of Equipment**

Details provided in the submitted Tender Document demonstrate that Great Southern Waste operates a significant fleet including 13 collection vehicles and various other machinery. The company has also advised that it has recently secured three 2004 Iveco side loaders as part of their fleet development program. They anticipate these vehicles will be deployed in June 2014.

Daily pre-start checks and regular servicing of vehicles every 150 hours of operation ensure that the vehicles are well maintained. Programmed servicing of the vehicles is undertaken at Great Southern Waste Disposals Narrogin workshop.

Given the size of Great Southern Waste Disposals fleet, the author is satisfied that back-up vehicles will be available to ensure appropriate vehicles are available to operate the service at all times.

### **Financial Management**

Within the submitted tender document, Great Southern Waste have identified that they consider they are able to provide best value for money through various methods including the fact that virtually all tasks are performance in-house, with most staff performing multiple tasks (ie the mechanic also drives a collection vehicle).

### **Organisational Capacity and Human Resources**

As detailed in the submitted tender document, Great Southern Waste Disposal has been in operation, based in Narrogin, for 30 years. With 13 staff currently employed, the company anticipates employment of an additional two staff should they be awarded the recycling tender for the Town of Narrogin.

### **Consultation:**

- Chief Executive Officer – Aaron Cook
- Narrelle Rowe – Rates Officer
- Kevin Timms – Great Southern Waste Disposal

### **Statutory Environment:**

Given that the value of the contract has potential to exceed \$100,000 a call for tenders was advertised statewide in accordance with the Local Government Act and associated regulations.

### **Policy Implications: Nil**

### **Financial Implications:**

As detailed in the comment section, the submitted tender proposes a price of \$2.90 Ex GST per collection. This will equate to \$75.40 per household per annum.

An audit has been undertaken by Council staff accompanying the contractor during a week of the general waste collections in order to confirm the exact number of collection services that would be required. From this audit it has been confirmed that 1905 residences within the Narrogin Townsite would be provided with the service.

At a cost of \$2.90 Ex GST per collection, \$5,524.50 per fortnight (\$143,637 per annum Ex GST), the tendered price is significantly higher than the anticipated costs detailed in the February 2014 report to Council. However discussions with Great Southern Waste have confirmed that this price is due to costs associated with the material recovery process and is consistent with other services in the Wheatbelt. Please note that this is a cost recovery service provided by Council and, as such, the municipal account will not be impacted resulting in any other form of increased rates and the amount paid per year will be determined by the number of services performed each year.

On a separate but related note, the audit appears to have identified some inconsistencies between the contractors billing for the current general refuse service and Council records. The author will be liaising with the contractor over these inconsistencies, which may result in some savings for the Town.

In order to reduce the financial impact associated with the introduction of a recycling collection service, Council staff will be attempting to identify appropriate savings through modification of the refuse site operations as part of the 2015/16 budget. It is recommended that any saving identified be used to offset the cost of introducing this new service through the reduction of fees for the domestic bin service.

**Strategic Implications:**

Given the size of the Town of Narrogin's population, a substantial amount of recyclable materials are currently being deposited as landfill at White Road.

In accordance with the Memorandum of Understanding for the Regional Refuse Site, only putrescible waste will be disposed of at the future Regional Facility. It will therefore be the responsibility for each local authority to deal with their own recyclables and other materials such as greenwaste. For the Town of Narrogin it is anticipated that the White Road refuse site will continue to be used for the disposal of non-putrescible waste.

The introduction of a recycling program in association with a material recovery process will ensure that the volume of waste being disposed of at White Road will be minimised, effectively extending the life of the facility.

**Voting Requirements:** Simple Majority

<b>Council Resolution 0514.62</b>
-----------------------------------

**Moved: Cr Paternoster**

**Seconded: Cr Bartron**

That Council:

1. Award Great Southern Waste Disposal the Tender for the provision of a kerbside recycling domestic collection service to operate on a fortnightly basis from the July 2014 until February 2016 using 240 litre recycling bins at a price of \$2.90 per collection.
2. Enter into contractual arrangements with Great Southern Waste Disposal for the introduction of the service outlined in point No 1 above;
3. Authorise the Chief Executive Officer and Mayor to sign and seal the contractual documents referred to in point No 2 above.
4. Endorse officers investigating potential savings in respect of waste management for the 2015/16 financial year with a view to such savings being used to offset the additional costs associated with the introduction of a recycling program.

**CARRIED 5/0**

*Note: Cr Schutz re-joined the meeting at 8:00 pm*

### 3 TENDERER'S OFFER

#### 3.1 OFFER FORM

The Director of Technical & Environmental Services  
Town of Narrogin  
89 Earl St Narrogin WA 6312

#We

**3. Standard of Equipment 20%**

Please see our response to this criteria in our supporting documentation

**4. Financial Management 15%**

Please see our response to this criteria in our supporting documentation

**5. Organisational Capacity and Human Resource Management 15%**

Please see our response to this criteria in our supporting documentation

## **10.2 CORPORATE AND COMMUNITY SERVICE**

### **10.2.291 DEMOLITION OF OLD CARETAKERS COTTAGE**

**File Reference:** 5.4.26  
**Disclosure of Interest:** Nil  
**Applicant:** Nil  
**Previous Item Nos:**  
**Date:** 21 May 2014  
**Author:** Colin Bastow – Director Corporate and Community Services

#### **Attachments:**

#### **Summary:**

Council is presented to consider the demolition of the Old Caretakers Cottage Building which is located at the Narrogin Caravan Park.

#### **Background:**

The Town no longer requires the Old Caretakers Cottage which has a number of major maintenance issues that would need to be addressed before the building could be occupied again. Although the building was not well maintained by the previous tenants the building has required a major upgrade for some time now. If the building was to be kept it was estimated to cost about \$45,000 + to repair. This cost estimate was before termite damage to the woodwork was discovered.

It is the Seniors Officers view that even if the building was upgraded it has limited uses due to its design and location. The building has a common garden area with the New Caretakers Cottage which in itself could cause some conflict between future tenants of both buildings.

#### **Comment:**

In the Authors opinion the Town would be better off removing the building to open up the area for alternative uses such as entry garden or visitors car parking space. The building is an eye sore and does detract from the appeal of the caravan park. The Town can put better uses to the over \$45,000 at the Caravan Park, for example perimeter fencing, expanding grassed camping areas just to name a few possible projects.

The Town had investigated an arrangement where a third party would upgrade the building for a reduced rental charge. One local business had showed some interest in this possibility but had later determined it was not a variable for them.

The building would not be suitable for communal living such as a backpacker's accommodation due to its size and the possible conflicts between tenants who would be required to share facilities. The Town would require a much higher level of onsite supervision/costs and there would only be three rooms that could be rented. There could also be conflict with the New Caretakers Cottage tenants due to the small common back yard area. The location of building would only allow for one vehicle to be parked at the

building at any one time as additional vehicle will cause issues with other tenants exiting the Caravan Park.

It would be more practical to have purpose built onsite building such as a Dongas, if Council wish to provide accommodation at its Caravan Park.

**Consultation:**

- Aaron Cook – CEO
- Brian Robinson – DTES
- Darryle Baxter - BS

**Statutory Environment:**

Local Government Act 1995

**Policy Implications: Nil**

**Financial Implications:**

It had been estimated the demolition of the Old Caretakers Cottage would cost around \$20,000 as there is asbestos issues with the building.

Currently the Town has made some savings with the Royalties for Regions projects of around \$20,000 which could be used to fund this project.

The Town needs to expend its current 2010/11 Royalties for Regions funding before it would be able to access future funding.

**Strategic Implications: Nil**

**Voting Requirements: Simple Majority**

**Council Resolution 0514.63**

**Moved: Cr Russell**

**Seconded: Cr Ward**

That Council:

Approve the demolition of the Old Caretakers Cottage at the Narrogin Caravan Park.

**CARRIED 6/0**

## 10.2.292      OPENING NRLC AQUATIC CENTRE 20 JULY 2014

**File Reference:**

**Disclosure of Interest:**      Nil  
**Applicant:**                      UGSHA  
**Previous Item Nos:**            N/A  
**Date:**                              21 May 2014  
**Author:**                         Manager Narrogin Regional Recreation Centre

**Attachments:** Nil

**Summary:**

The UGSHA has requested the Aquatic Centre be open for their Junior Carnival on 20 July 2014. Opening the centre will enable the Town's facilities to be exposed to a broad range of people which will strengthen the Town's regional position and economic base and attract both primary and secondary spends. Not including pool entry fees and kiosk sales, the cost of opening the facility will be \$284.94 in staff wages. It is recommended that council approve the opening of the centre between 10:00am and 3:00pm on this day.

**Background:**

The under-utilisation of the recreation centre on a Sunday has led to the centre, including the pool, being closed on this day. There have been a number of trials opening the centre after expressions of interest from the public however this public interest is yet to transfer to residents actually frequenting the centre and utilizing the facilities.

It does open periodically for special events, such as, Australia Day when it falls on a Sunday and traditionally for the Upper Great Southern Hockey Association's (UGSHA) Junior Carnival. The UGSHA's Junior Carnival attracts around 1000 players to town. Sporting events such as the Junior Carnival have been shown to contribute to the economic development of an area through both primary and secondary spending on such items as food, accommodation and entertainment, and through the exposure of the region as a potential future tourist destination.

The 2014 UGSHA Junior Carnival is being run on the weekend of 19-20 July and they have requested the Aquatic Centre be open on the Sunday 20 July from 10:00am to 3:00pm.

**Comment:**

Opening the centre on this day will enable the participants at the Junior Carnival to be exposed to the high standard of sporting facility that the Town of Narrogin has on offer. It will promote the Aquatic Facility as well as the courts to a range of regional and metropolitan visitors. To maximize the utilization of facilities and exposure of programs to visitors, the centre will also launch other programs and activities on this date.

**Consultation:**

The following groups were consulted in the preparation of this report:

- UGSHA
- NRLC Staff

**Statutory Environment:** Nil

**Policy Implications:** Nil

**Financial Implications:**

There will be a requirement to provide two staff members; a Duty Manager and Centre Attendant; for six hours to open between 10:00am and 3:00pm, with the additional hour for set-up and pack-up. The staff cost to open will be \$284.94.

This direct cost will be off-set by kiosk sales and entry fees into the pool and will be covered within the constraints of the adopted budget.

Sporting events such as the Junior Carnival have been shown to contribute to the economic development of an area through both primary and secondary spending on such items as food, accommodation and entertainment, and through the exposure of the region as a potential future tourist destination.

**Strategic Implications:**

The exposure of the Town of Narrogin will strengthen the Town's regional position and economic base. It will also support local population growth through the promotion of the Town's sporting facilities.

**Voting Requirements:** Simple Majority

**Council Resolution 0514.64**

**Moved: Cr Bartron**

**Seconded: Cr Schutz**

That Council:

Approve the modification of the Narrogin Regional Leisure Centre hours on 20 July 2014 to enable the centre to open between 10:00am and 3:00pm.

**CARRIED 6/0**

## 10.2.293 FACILITY FEE REDUCTION OR WAIVING POLICY

**File Reference:**  
**Disclosure of Interest:** Nil  
**Applicant:** Chief Executive Officer  
**Previous Item Nos:** Various  
**Date:** 21<sup>st</sup> May 2014  
**Author:** Mr Aaron Cook Chief Executive Officer

**Attachments:** Nil

### **Summary:**

It was requested at the last Council meeting held on the 14<sup>th</sup> May that a Policy be presented to Council to cover the constant requests of organisations seeking fees to be reduced. As such the below is presented.

### **Background:**

Council receives through the year many requests for fees to be waived or at minimum reduced for events and activities to be held within its facilities. These are constant requests that take Council time in meetings and officers time preparing items and communicating with these organisations.

### **Comment:**

Council had last year commenced, through the policy below to make a minimum charge for its facilities. This provides the guidance to the Officer as to how to proceed with the request; however without the delegated authority to action the item the author is left having to bring the request to Council for endorsement.

Due to the nature of the requests it is proposed that the current policy, listed below is amended in the following manner:

## **C.36 FACILITY FEE REDUCTION OR WAIVING POLICY**

*ORIGIN/AUTHORITY: Council meeting 21<sup>st</sup> August 2012 Item No. 10.2.905*

*In the instance that Council receives a request for the reduction of fees for the hire of Council facilities, the following conditions and rules of application will apply:*

*Reduction of fees up to 50% - (Town or Shire of Narrogin Community Group/Organisation "Not For Profit") Reduction of fees up to 25% - (External Community Group/Organisation "Not For Profit") - The applicant must prove that the request presents a Community Benefit through the reduction of the fees or assists in the raising of funds that creates a community benefit. If granted, the applicant must acknowledge the Town of Narrogin's donation to the event or cause.*

*Full Waiving of Fees – The applicant must provide full details as to the budget for the event and detail in writing the reasons for the request and the benefit that the Community will receive through the waiving of the fees. Through this process, it must be proven that the applicant cannot afford the hire fee within the budget and Council is satisfied that the benefit to the Community is greater than the waiving of the fee.*

*No reductions or waiving of fees will occur in the instance where the benefit is not obtained by the Narrogin Community, there is a profit made from the event to a person or business, a fee or charge to attend the event or proceedings (other than fundraising for a direct Narrogin Community Benefit), a grant has been obtained for the event or proceedings.*

*It is noted that the reduction of fees is limited to 50% to cover the direct cost to Council for the setting up and cleaning of the facility in preparation and after the event.*

As stated earlier the policy works to advise Council as to how to proceed. However should Council have the intent that the author to be delegated the authority to make the decision of approval the following is required to be adopted as a new delegation to be included as part of the Delegations register.

DELEGATION NUMBER	-	2.14
LEGISLATIVE POWER	-	Local Government Act (1995) (Section 5.42)
DELEGATION SUBJECT	-	Donation of Hall Hire Fees to suitable applicants as per policy C.36
DELEGATE	-	Chief Executive Officer

*The Chief Executive Officer is delegated authority to make assessments for the discounting/donation, being the reduction, of fees and charges for the hire of Councils facilities for events or activities.*

*Note the CEO is not delegated the authority to waive the full fees and charges as any request not resolved through the policy is to be presented to Council for consideration.*

It is felt by the author that nearly all requests would be administered by the CEO and only occasions where the applicant is requesting further consideration would the item be presented to Council.

**Consultation:** Nil

**Statutory Environment:**

Local Government Act 1995 - Section 5.42

**Policy Implications:** Policy amendment proposed.

**Financial Implications:**

Although this policy is proposing the reduction in fees and charges Council are already considering the applications and the impact is actually the process not increased reductions.

**Strategic Implications:** Nil

**Voting Requirements:** Absolute Majority

<b>Council Resolution 0514.65</b>
-----------------------------------

**Moved: Cr Russell**

**Seconded: Cr Ward**

1) That Council:

Adopt the following amendment to the Policy Manual -

**C.36 FACILITY FEE REDUCTION OR WAIVING POLICY**

*ORIGIN/AUTHORITY: Council meeting 21<sup>st</sup> August 2012 Item No. 10.2.905*

*In the instance that Council receives a request for the reduction of fees for the hire of Council facilities, the following conditions and rules of application will apply:*

*Reduction of fees up to 50% - (Town or Shire of Narrogin Community Group/Organisation "Not For Profit") Reduction of fees up to 25% - (External Community Group/Organisation "Not For Profit") - The applicant must prove that the request presents a Community Benefit through the reduction of the fees or assists in the raising of funds that creates a community benefit. If granted, the applicant must acknowledge the Town of Narrogin's donation to the event or cause.*

*Full Waiving of Fees – The applicant must provide full details as to the budget for the event and detail in writing the reasons for the request and the benefit that the Community will receive through the waiving of the fees. Through this process, it must be proven that the applicant cannot afford the hire fee within the budget and Council is satisfied that the benefit to the Community is greater than the waiving of the fee.*

*No reductions or waiving of fees will occur in the instance where the benefit is not obtained by the Narrogin Community, there is a profit made from the event to a person or business, a fee or charge to attend the event or proceedings (other than fundraising for a direct Narrogin Community Benefit), a grant has been obtained for the event or proceedings.*

*It is noted that the reduction of fees is limited to 50% to cover the direct cost to Council for the setting up and cleaning of the facility in preparation and after the event.*

2) That Council:

Adopt the following Delegation to be included within the Delegations Register -

<i>DELEGATION NUMBER</i>	-	2.14
<i>LEGISLATIVE POWER</i>	-	<i>Local Government Act (1995) (Section 5.42)</i>
<i>DELEGATION SUBJECT</i>	-	<i>Donation of Hall Hire Fees to suitable applicants as per policy C.36</i>
<i>DELEGATE</i>	-	<i>Chief Executive Officer</i>

*The Chief Executive Officer is delegated authority to make assessments for the discounting/donation, being the reduction, of fees and charges for the hire of Councils facilities for events or activities.*

*Note the CEO is not delegated the authority to waive the full fees and charges as any request not resolved through the policy is to be presented to Council for consideration.*

**CARRIED 6/0**

## 10.2.294 PURCHASING POLICY OMISSION CORRECTION

**File Reference:**

**Disclosure of Interest:**

Nil

**Applicant:**

Chief Executive Officer

**Previous Item Nos:**

March and April 2014

**Date:**

22<sup>nd</sup> May 2014

**Author:**

Mr Aaron Cook - Chief Executive Officer

**Attachments:** Nil

**Summary:**

It is presented to Council to approve the inclusion of the Purchasing Thresholds in the Policy Manual C2 Purchasing and Tender Policy due to it being omitted by an error of the author.

**Background:**

As was previously identified, that a section of, C2 Purchasing and Tender Policy, concerning the Purchasing Thresholds had been omitted from the Policy Manual in error.

**Comment:**

It is presented that the omission of the Purchasing Thresholds be re included in the Policy Manual, C2 Purchasing and Tender Policy, as per of the policy adopted in February 2012 that was not rescinded by Council; however, was omitted in error.

As such, it is presented to Council to endorse the amended Policy C2 with the inclusion of the following.

***Purchasing Thresholds***

*Where the value of procurement (excluding GST) for the value of the purchase/contract over the full contract period (including options to extend) is, or is expected to be:-*

	<i>Policy</i>
<i>Up to \$1,000</i>	<i>Direct purchase from suppliers requiring only two verbal quotations</i>
<i>\$1,001 - \$19,999</i>	<i>Obtain at least three verbal or written quotations.</i>
<i>\$20,000 - \$99,999</i>	<i>Obtain at least three written quotations containing price and specification of goods and services (with procurement decision based on all value for money considerations including the buy local policy)</i>
<i>\$100,000 and above</i>	<i>Conduct a public tender process as per the Local Government Act.</i>

**(Note: if a specific item is to be sought prices are to be obtained from differing suppliers)**

That Council:

Approve the inclusion of the amended Policy -

## ***C. 2 PURCHASING AND TENDER POLICY***

ORIGIN/AUTHORITY: Council Meeting 27 July 1999      Item No. 8.4.66

### **Objectives**

The object of the Purchasing and Tender process is to:

- obtain quality goods and services that are judged by Council to deliver the best value-for-money or be the most advantageous.
- provide compliance with the Local Government Act, 1995 and the Local Government Act (Functions and General) Regulations, 1996 (as amended).
- deliver a best practice approach and procedures to internal purchasing for the Town of Narrogin.
- ensure consistency for all purchasing activities that integrates within all the Town of Narrogin operational areas.

### **Ethics and Integrity**

All officers and employees of the Town of Narrogin shall observe the highest standards of ethics and integrity in undertaking purchasing activity and act in an honest and professional manner that supports the standing of the Town of Narrogin.

The following principles, standards and behaviours must be observed and enforced through all stages of the purchasing process to ensure the fair and equitable treatment of all parties:

- full accountability shall be taken for all purchasing decisions and the efficient, effective and proper expenditure of public monies based on achieving value for money;

- all purchasing practices shall comply with relevant legislation, regulations, and requirements consistent with the Town of Narrogin's policies and code of conduct;
- purchasing is to be undertaken on a competitive basis in which all potential suppliers are treated impartially, honestly and consistently;
- all processes, evaluations and decisions shall be transparent, free from bias and fully documented in accordance with applicable policies and audit requirements;
- any actual or perceived conflicts of interest are to be identified, disclosed and appropriately managed; and
- any information provided to the Town of Narrogin by a supplier shall be treated as commercial-in-confidence and should not be released unless authorised by the supplier or relevant legislation.

### **Value for Money**

Value for money is an overarching principle governing purchasing that allows the best possible outcome to be achieved for the Town of Narrogin. It is important to note that compliance with the specification is more important than obtaining the lowest price, particularly taking into account user requirements, quality standards, sustainability, life cycle costing, and service benchmarks.

An assessment of the best value for money outcome for any purchasing should consider:

- all relevant whole-of-life costs and benefits whole of life cycle costs (for goods) and whole of contract life costs (for services) including transaction costs associated with acquisition, delivery, distribution, as well as other costs such as but not limited to holding costs, consumables, deployment, maintenance and disposal.
- the technical merits of the goods or services being offered in terms of compliance with specifications, contractual terms and conditions and any relevant methods of assuring quality;
- financial viability and capacity to supply without risk of default. (Competency of the
- prospective suppliers in terms of managerial and technical capabilities and compliance history);
- a strong element of competition in the allocation of orders or the awarding of contracts. This is achieved by obtaining a sufficient number of competitive quotations wherever practicable.

Where a higher priced conforming offer is recommended, there should be clear and demonstrable benefits over and above the lowest total priced, conforming offer.

### **Sustainable Procurement**

Sustainable Procurement is defined as the procurement of goods and services that have less environmental and social impacts than competing products and services.

The Town of Narrogin is committed to sustainable procurement and where appropriate shall endeavour to design quotations and tenders to provide an advantage to goods, services and/or processes that minimise environmental and negative social impacts. Sustainable considerations must be balanced against value for money outcomes in accordance with the Town of Narrogin's sustainability objectives.

Practically, sustainable procurement means the Town of Narrogin shall endeavour at all times to identify and procure products and services that:

- Have been determined as necessary;
- Demonstrate environmental best practice in energy efficiency / and or consumption which can be demonstrated through suitable rating systems and eco-labelling.
- Demonstrate environmental best practice in water efficiency.
- Are environmentally sound in manufacture, use, and disposal with a specific preference for products made using the minimum amount of raw materials from a sustainable resource, that are free of toxic or polluting materials and that consume minimal energy during the production stage;
- Products that can be refurbished, reused, recycled or reclaimed shall be given priority, and those that are designed for ease of recycling, re-manufacture or otherwise to minimise waste. For motor vehicles - select vehicles featuring the highest fuel efficiency available, based on vehicle type and within the designated price range;
- For new buildings and refurbishment - where available use renewable energy and technologies.

### **Purchasing Thresholds**

Where the value of procurement (excluding GST) for the value of the purchase/contract over the full contract period (including options to extend) is, or is expected to be:-

	Policy
Up to \$1,000	Direct purchase from suppliers requiring only two verbal quotations
\$1,001 - \$19,999	Obtain at least three verbal or written quotations.
\$20,000 - \$99,999	Obtain at least three written quotations containing price and specification of goods and services (with procurement decision based on all value for money considerations including the buy local policy)
\$100,000 and above	Conduct a public tender process as per the Local Government Act.

**(Note: if a specific item is to be sought prices are to be obtained from differing suppliers)**

## **Tender / Quotation Exemption**

In the following instances public tenders or quotation procedures are not required (regardless of the value of expenditure):

- An emergency situation as defined by the Local Government Act 1995;
- The purchase is under a contract of WALGA (Preferred Supplier Arrangements),

Department of Treasury and Finance (permitted Common Use Arrangements), Regional Council, or another Local Government;

- The purchase is under auction which has been authorised by Council;
- The contract is for petrol, oil, or other liquid or gas used for internal combustion engines;
- Any of the other exclusions under Regulation 11 of the Functions and General Regulations apply.

## **Sole Source of Supply (Monopoly Suppliers)**

The procurement of goods and/or services available from only one private sector source of supply, (i.e. manufacturer, supplier or agency) is permitted without the need to call competitive quotations provided that there must genuinely be only one source of supply. Every endeavour to find alternative sources must be made. Written confirmation of this must be kept on file for later audit.

Note: The application of provision "sole source of supply" should only occur in limited cases and procurement experience indicates that generally more than one supplier is able to provide the requirements.

## **Anti-Avoidance**

The Local Government shall not enter two or more contracts of a similar nature for the purpose of splitting the value of the contracts to take the value of consideration below the level of \$100,000, thereby avoiding the need to publicly tender.

## **Tender Criteria**

The Town of Narrogin shall, before tenders are publicly invited, determine in writing the criteria for determining the successful tenderer.

The evaluation panel shall be established prior to the advertising of a tender and include a mix of skills and experience relevant to the nature of the purchase. For Requests with a total estimated (Ex GST) price of: \$100,000 and above.

## FINANCIAL MANAGEMENT REVIEW

**File Reference:** 12.8.1  
**Disclosure of Interest:** Nil  
**Applicant:** Nil  
**Previous Item Nos:**  
**Date:** 20 May 2014  
**Author:** Colin Bastow – Director Corporate and Community Services

**Attachments:** Nil

### **Summary:**

The Council is requested to consider the Financial Management Review Report.

### **Background:**

The Town is required to review its Financial Management System once every four years. Although with recent legislations changes there is a requirement to review financial systems, risk and legislative compliance every two years.

The Town has been focusing on rebuilding its financial systems and reporting systems over the past three or four years. This process has not been helped by the high level of staff changes in key finance positions over this time. As well as the Town's inability to attract experienced local government professionals in the past has had a major impact to financial management systems.

The audit committee is required to consider the Town's Financial Management Review before it is presented to Council.

### **Comment:**

There has been a noticeable improvement in the Financial Systems over the past year or so, which has been confirmed by the comments received from audit staff. This improvement has been due to the ongoing development of the finance team and recruitment of experienced senior Officers. This improvement is largely due to a higher level of understanding of their roles and responsibilities as well as their ability to use the Town's new accounting software (SynergySoft). However there is still room for further improvement/development to take place. Although most Officers will have some involvement in financial related duties regardless of which department they are in.

The Town has experienced a period of instability due to the inability to recruit experienced finance staff and had appointed persons to senior financial management positions without the necessary formal education or experience. Unfortunately this practice has had a significant impact on the financial management of the Town, even today. The Town had also suffered from not implementing industry standard based chart of accounts as well as the selection of inappropriate accounting software "Authority".

One of the major issues faced by the Town over the past three or four years was the cleaning up of a significant amount of back log as well as maintaining the day to day

operations. The time taken to educate and train staff in their roles as well as changing attitudes has been challenging.

The Town had conducted interviews with individual staff members as well as a review corporate records for the preparation of this report as well as specific observations. Some comments relate to issue that have be observed before the review but considered relative to the report by the Author. Below is a summary of those findings.

### **Cash Handling**

Cash handling does not only cover physical money but also covers a number of other payment methods including cheques and direct payments to bank accounts and credit/debit cards. The Town has a number of sites that handle cash on a daily basis which involves many different staff taking on various roles within this process.

During the Review a number of issued had been identified with the Town's cash handling practices.

Petty Cash Floats had not been recorded as cash on hand in the Statement of Financial Position at the time of the review. However this has since been requested. An audit of the petty cash tins had discovered minor discrepancies as the remaining cash and receipts should always equal the petty cash float. This will ensure that petty cash is properly managed and the Town will be conducting spot audits and any site found to have persistent issues with balancing may have their petty cash removed.

Please note that the Town's bank accounts are being reconciled on a monthly basis and any issues are being resolved on a regular basis.

The Town had experienced a period where direct deposits were received but not receipted in a timely manner. This practice had caused an issue were Rates Debtors had incurred penalty interest in error. The Town has changed the procedure where by the Customer Service Officer now undertakes the task of receipting all Direct Deposits on a daily basis. This new procedure has resolved the issue of not receipting direct deposits in a timely manner.

Not all cash received by the Town has been properly recorded at the time of receipt. This is an important internal control as it records the actual cash received.

To overcome the current short falls in cash handling procedures, the Town needs to establish a whole of organisation approach with a written policies and procedures on cash handling practices that will better protect and ensure a more accurate recording of transactions. Staff who undertake cash handling will also be required to undertake basic training in this area, so they will better understand their roles and responsibilities. The training should be undertaken by the Town's finance team to ensure a more consistent approach is taken which is in line with the new policies, once established.

### **Sundry Debtors**

The Town currently has a Finance Officer who's primary roles are Creditor, Debtor and Front Counter Support. This position is also supported by a Customer Service Officer who is being trained to undertake basic account receivable processes.

The Town records debtors in three separate software systems. The bulk of the Debtors are recorded in "SynergySoft", while Library Debtors are recorded in "Am-Lib" and Homecare Debtors are entered into the "SMS" software. While the debtor entered into the library and homecare software are considered minor in value. There is a need to record all debtors in one location for better debt management.

During the review it was identified that the Town has a weakness in its collection practices which still needs to be resolved. Ongoing invoicing of leases, facility hire and user charges has been a persistent problem for some time. Unfortunately once the focus by Management is taken away from this area the process just stops or is delayed.

The library has been recording their clients who have lost or not returned books and other materials. The debtors are not recorded in the Town's accounting software (SynergySoft). At the time of writing this report the Town was not aware of the last time a debt had been recorded in Am-Lib or if any of the recorded debtors have actually been paid. As a result the Town will now record all future Library Debtors in SynergySoft.

The Town needs to improve the management process of its Sundry Debtors to ensure they are paid in a timely manner. Ongoing Training in debt collection procedures is required to better assist in this process.

The Town is in the process of implementing an automated invoicing system within the new accounting software to overcome the reoccurring invoice issue. However due to recent staff changes and the current focus be placed on these duties this process has not been fully operational.

The Town needs to establish specific policies for the management of Sundry Debtors to ensure a more consistent approach is undertaken in debtor management and control. There is also a need to change the process of raising debtors at the Narrogin Regional Leisure Centre (NRLC) to ensure there are no future delays in invoicing.

The vacant Finance Officer (Support) position will be filled with a Part Time Officer who will champion the Debtor invoicing and collection process. A written procedure manual is required to be updated.

### **Rates Debtors**

The Town currently has a part time experienced Finance Officer (Rates) who works a 66 hour a fortnight. There is no backup to this position so there will be a loss of service if the Officer was to take extended leave. The Finance Officer (Rates) is due to takes long service leave.

It was reported by the Auditor there was around 50% increase in Rates Outstanding Debtors on the 30 June 2013 in the 2012/13 financial year. In part this was due to the time spent on implementing the SynergySoft.

Although the level of outstanding rates debtors is considered reasonable there are a small number of long term debts that have proven difficult to collect.

Regular reviewing of Rate Exempt properties should be formalised in a policy to ensure only properties that maintain a rates exemption status don't pay rates.

The Rates Subsidiary Ledger is being reconciled to its General Ledger Control Account on a monthly basis.

An updated written procedure manual is required for this area.

### **Creditors**

The Town currently has a Finance Officer who's primary roles are Creditor, Debtor and Front Counter Support. This position is also supported by a Customer Service Officer who will be training to undertake basic account payable processes. But currently the Manager of Finance and Finance Officer (Payroll) are capable of undertaking this role.

Payment of cheques and electronic funds transfers (EFT) require two persons to authorise. This practice is industry standard and considered reasonable.

There is an issue with Officers sometimes using the wrong cost coded when purchasing goods and services. Although the budget document has the cost codes individually listed Officers are not always referring using this document when issuing a purchase orders. There is a need to educate staff on how to read and properly interpret the budget.

Although the vast majority of purchases have been acquired with a purchase order there are some occasions where goods and/or services have been acquired without a purchase order being issued.

Purchasing policy requires updating to ensure a complete price is achieved when acquiring goods and services.

The Creditors Subsidiary Ledger is being reconciled to its General Ledger Control account on a monthly basis.

An updated procedures manual is required.

### **Payroll**

There is currently a Finance Officer (Payroll) who undertakes the payroll function of the Town as well as Occupation Health and Safety co-ordination. The previous backup Payroll Officer has recently left the Town so there is currently no other person trained to undertake payroll duties. The Finance Officer (Payroll) is now entitled to long service leave.

There is a need to standardise all Human Resource (HR) forms within the Town as it had been the practice to decentralise employment matters to the various sections.

With the introduction of the new accounting software the Town is now recording employee entitlement in the payroll system.

Although most payroll liability accounts are being reconciled on a monthly basis, not all liability accounts have been included in the reconciliation. However the omission has since been corrected.

The current chart of accounts had an issue with costing to specific works due to the requirement of accounting software to have all salary and wages allocated to code 200. The

Town is currently redesigning its chart of accounts for the 2014/15 financial year to cover this type of issue.

The charging of Public Works Overheads has had the same issue as salary and wages.

Plant charge out rates need to be reviewed as the Town is currently over allocating costs to works.

### **General Finance and Other Matters**

The Business Activity Statements (BAS) returns had not been submitted to the Australian Tax Office (ATO) by the due date in the recent past; however the Town has now caught up with the late returns and a procedure has been put in place to reduce the likelihood of this problem reoccurring.

Asset and liability accounts except Fringe Benefit Tax (FBT) liability are being regularly reconciled. The omission of not reconciling the FBT liability account will be resolved shortly.

Assets have not been entered into the asset register on a monthly basis and disposal of assets has been done on an ad hoc basis. The Town will be implementing a procedure to undertake this task on a monthly basis.

Depreciation charges have not been allocated on a monthly basis due to the delay in completing the 2012/13 Financial Report.

The Town should amend its investment policy to ensure whenever practical to spread its investments to reduce the risk of not being able to redrawn its funds in a timely manner.

Monthly and ad hoc financial reporting is an area that needs more attention. However when the Finance Officer (Support) position is replaced this issue should be resolved.

### **Conclusion**

The Town will be developing a number of finance based policies which will need to be monitored to ensure a more consistent approach is achieved across the organisation. The focus of any finance based polices should be to ensure compliance to legislation, internal control as well establishing more accountability for individual staff.

Ongoing training is an important part of any good finance management system. There is a need for basic corporate training as well as site specific training. For example the way money is counted should be the same in all departments, while the receipting method will vary.

There is a need to continually review compliance to financial policies to ensure staff are following them. Unfortunately there had been a culture of not accepting responsibility and/or changing procedures without authority. The standard comments had been "I am too busy" or "that not my job". There has been a big improvement in this area over recent times but some work is still needed.

The Town is starting to see improvements in ongoing financial management/reporting due to the implementation of SynergySoft. However it does take time to properly set up new

accounting systems and ensure they operate correctly. As the organisation starts to better understand how the software works further changes are likely to be made.

Although there are many established procedures in place to guide the Officers in their day to day financial duties. Many of the procedures are currently a verbal direction which needs to be included in a written procedures manual.

All financial transactions should be recorded and managed in SynergySoft, therefore the practice of using subsidiary systems such as AM-Lib and SMS should be discouraged.

**Consultation:**

- Various Town Staff

**Statutory Environment:**

Local Government Act 1995

Financial Management Regulations 1996

**Policy Implications:**

There is a need to develop and review a number of finance based policies.

## 10.2.297 MONTHLY FINANCIAL REPORTS – APRIL 2014

**File Reference:** 12.8.1  
**Disclosure of Interest:** Nil  
**Applicant:** Nil  
**Previous Item Nos:** Nil  
**Date:** 21 May 2014  
**Author:** Rhona Hawkins – Manager Finance

### **Attachments:**

Monthly Financial Report for the period ended 3 April 2014.

### **Summary:**

In accordance with Regulation 34 of the Local Government (Financial Management) Regulations 1996, the Town is to prepare a monthly Statement of Financial Activity for approval by Council.

### **Comments:**

The Monthly Financial Statements for the Month of April have been prepared following the Budget Review. Councillors are advised all reporting has been completed using the Revised Budget.

All finalised asset acquisitions and disposals have been loaded into Synergy so the Statement of Financial Activity by Nature and Type versus the Statutory Reporting Program is balanced.

We are now in a position to provide a greater level of financial reporting to all departments to assist with budget controls. We would like to thank Council for their patience during this very steep learning curve for all staff in the finance department.

I am pleased to say work has commenced on the new Chart of Accounts and at the time of writing this report, has been uploaded to Synergy ready for budget preparations.

### **Consultation:**

- Colin Bastow, Director of Corporate and Community Services .

### **Statutory Environment:**

Local Government Financial Regulations (1996) (as amended) 22, 32, and 34 apply.

**Policy Implications:** Nil

### **Financial Implications:**

All expenditure has been approved via adoption of the 2013/14 Annual Budget, or resulting from a Council Motion for a budget amendment.

**Strategic Implications:** Nil

**Voting Requirements:** Simple Majority

**Council Resolution 0514.69**

**Moved: Cr Bartron**

**Seconded: Cr Schutz**

That Council:

Receive the April 2014 Monthly Financial Reports as presented.

**CARRIED 6/0**

Town of Narrogin

**TOWN OF NARROGIN**  
**NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY**  
**FOR THE PERIOD ENDED 30 APRIL 2014**

**1. SIGNIFICANT ACCOUNTING POLICIES**

Financial activity are:

**(a) Basis of Accounting**

This statement is a special purpose financial report, prepared in accordance with applicable Australian Accounting Standards, other mandatory professional reporting requirements and the Local Government Act 1995 (as amended) and accompanying regulations (as amended).

**(b) The Local Government Reporting Entity**

All Funds through which the Council controls resources to carry on its functions have been included in this statement.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the statement, but a separate statement of those monies appears at Note 11.

**(c) Rounding Off Figures**

All figures shown in this statement are rounded to the nearest dollar.

**(d) Rates, Grants, Donations and Other Contributions**

Rates, grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions. Control over assets acquired from rates is obtained at the commencement of the rating period or, where earlier, upon receipt of the rates.

**(e) Goods and Services Tax**

In accordance with recommended practice, revenues, expenses and assets capitalised are stated net of any GST recoverable. Receivables and payables are stated inclusive of applicable GST.

**(f) Cash and Cash Equivalents**

Cash and cash equivalents comprise cash at bank and in hand and short-term deposits that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purposes of the Cash Flow Statement, cash and cash equivalents consist of cash and cash equivalents as defined above, net of outstanding bank overdrafts. Bank overdrafts are included as short-term borrowings in current liabilities.

**(g) Trade and Other Receivables**

Trade receivables, which generally have 30 - 90 day terms, are recognised initially at fair value and subsequently measured at amortised cost using the effective interest rate method, less any allowance for uncollectible amounts.

Collectability of trade receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

**(h) Inventories**

**General**

Inventories are valued at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs of necessary to make the sale.

Inventories held from trading are classified as current even if not expected to be realised in the next 12 months.

**TOWN OF NARROGIN  
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY  
FOR THE PERIOD ENDED 30 APRIL 2014**

**1. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Land Held for Resale**

Land purchased for development and/or resale is valued at the lower of the cost and net realisable value. Cost includes the cost of acquisition, development and interest incurred on the financing of that land during its development. Interest and holding charges incurred after development is complete are recognised as expenses.

Revenue arising from the sale of property is recognised in the operating statement as at the time of signing a binding contract of sale.

Land held for resale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

**(i) Fixed Assets**

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead.

Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

**(j) Depreciation of Non-Current Assets**

All non-current assets having a limited useful life are systematically depreciated over their useful lives in a manner which reflects the consumption of the future economic benefits embodied in those assets.

Depreciation is recognised on a straight-line basis, using rates which are reviewed each reporting period. Major depreciation rates and periods are:

Buildings	50 to 100 years
Furniture and Equipment	10 years
Plant and Equipment	5 to 15 years
Sealed roads and streets clearing and earthworks construction/road base original surfacing and major re-surfacing	not depreciated 50 years
- bituminous seals	20 years
Gravel roads clearing and earthworks construction/road base gravel sheet	not depreciated 50 years 12 years
Formed roads (unsealed) clearing and earthworks construction/road base	not depreciated 50 years
Footpaths - slab	40 years

**Capitalisation Threshold**

Plant, Property and Equipment (excluding Buildings) items to \$5,000 or greater, and Building and Infrastructure items to \$10,000 or greater.

**TOWN OF NARROGIN**  
**NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY**  
**FOR THE PERIOD ENDED 30 APRIL 2014**

**1. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(k) Trade and Other Payables**

provided to the local government prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured and are usually paid within 30 days of recognition.

**(l) Employee Benefits**

The provisions for employee benefits relates to amounts expected to be paid for long service leave,

**(i) Wages, Salaries, Annual Leave and Long Service Leave (Short-term Benefits)**

be settled within 12 months represents the amount the Shire has a present obligation to pay resulting from employees services provided to balance date. The provision has been calculated at nominal amounts based on remuneration rates the Shire expects to pay and includes related on-costs.

**(ii) Annual Leave and Long Service Leave (Long-term Benefits)**

The liability for long service leave is recognised in the provision for employee benefits and measured as the the reporting date using the project unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currency that match as closely as possible, the estimated future cash outflows. Where the Shire does not have the unconditional right to defer settlement beyond 12 months, the liability is recognised as a current liability.

**(m) Interest-bearing Loans and Borrowings**

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs.

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Fees paid on the establishment of loan facilities that are yield related are included as part of the carrying amount of the loans and borrowings.

**(n) Borrowing Costs**

Borrowing costs are recognised as an expense when incurred except where they are directly attributable capitalised as part of the cost of the particular asset.

Provisions are recognised when: The council has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses. is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one of item included in the same class of obligations may be small.

**(o) Current and Non-Current Classification**

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Council's operational cycle. In the case of liabilities where Council does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for resale where it is held as non current based on Council's intentions to release for sale.

**(p) Nature or Type Classifications**

**Rates**

All rates levied under the Local Government Act 1995. Includes general, differential, specific area rates, minimum rates, interim rates, back rates, ex-gratia rates, less discounts offered. Exclude administration fees, interest on instalments, interest on arrears, service charges and sewerage rates.

**Operating Grants, Subsidies and Contributions**

Refer to all amounts received as grants, subsidies and contributions that are not non-operating grants.

**TOWN OF NARROGIN**  
**NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY**  
**FOR THE PERIOD ENDED 30 APRIL 2014**

**1. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(p) Nature or Type Classifications (Continued)**

**Non-Operating Grants, Subsidies and Contributions**

Amounts received specifically for the acquisition, construction of new or the upgrading of non-current assets paid to a local government, irrespective of whether these amounts are received as capital grants, subsidies, contributions or donations.

**Profit on Asset Disposal**

Profit on the disposal of assets including gains on the disposal of long term investments. Losses are disclosed under the expenditure classifications.

**Fees and Charges**

Revenues (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees. Local governments may wish to disclose more detail such as rubbish collection fees, rental of property, fines and penalties, other fees and charges.

**Service Charges**

Service charges imposed under Division 6 of Part 6 of the Local Government Act 1995. Regulation 54 of the Local Government (Financial Management) Regulations 1996 identifies these are television and radio broadcasting, underground electricity and neighbourhood surveillance services. Exclude rubbish removal charges. Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

**Interest Earnings**

Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

**Other Revenue / Income**

Other revenue, which can not be classified under the above headings, includes dividends, discounts, rebates etc.

**Employee Costs**

All costs associate with the employment of person such as salaries, wages, allowances, benefits such as vehicle and housing, superannuation, employment expenses, removal expenses, relocation expenses, worker's compensation insurance, training costs, conferences, safety expenses, medical examinations, fringe benefit tax, etc.

**Materials and Contracts**

All expenditures on materials, supplies and contracts not classified under other headings. These include supply of goods and materials, legal expenses, consultancy, maintenance agreements, communication expenses, advertising expenses, membership, periodicals, publications, hire expenses, rental, leases, postage and freight etc. Local governments may wish to disclose more detail such as contract services, consultancy, information technology, rental or lease expenditures.

**Utilities (Gas, Electricity, Water, etc.)**

Expenditures made to the respective agencies for the provision of power, gas or water. Exclude expenditures incurred for the reinstatement of roadwork on behalf of these agencies.

**Insurance**

All insurance other than worker's compensation and health benefit insurance included as a cost of employment.

**Loss on asset disposal**

Loss on the disposal of fixed assets.

**Depreciation on non-current assets**

Depreciation expense raised on all classes of assets.

**TOWN OF NARROGIN

**1. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(p) Nature or Type Classifications (Continued)**

**Interest expenses**

Interest and other costs of finance paid, including costs of finance for loan debentures, overdraft accommodation and refinancing expenses.

**Other expenditure**

Statutory fees, taxes, provision for bad debts, member's fees or levies including WA Fire Brigade Levy and State taxes. Donations and subsidies made to community groups.

**(q) Statement of Objectives**

In order to discharge its responsibilities to the community, the Council has developed a set of operational and financial objectives. These objectives have been established both on an overall basis and for each of its broad activities/programs.

Council operations as disclosed in this statement encompass the following service orientated activities/programs:

**GOVERNANCE**

Members of Council, Civic Functions, Executive Support, Human Resources & Payroll, Security Services, Administration Support, Records Management, Information Technology and Financial Control.

**GENERAL PURPOSE FUNDING**

All Rate Revenue and Penalties, General Purpose Grant, Pensioners Deferred Rates Grant and Interest Revenue.

**LAW, ORDER, PUBLIC SAFETY**

Fire Prevention, Animal Control, General Ranger Services, Emergency Services.

**HEALTH**

Maternal and Infant Health, Preventative Services (Immunisation), Inspections, Pest Control.

**HOUSING**

The Town does not have any staff or other residential housing.

**COMMUNITY AMENITIES**

Sanitation Household Refuse, Refuse Site, Sewerage, Protection of the Environment, Town Planning, Cemeteries, Bus Shelters.

**RECREATION AND CULTURE**

Public Halls and Civic Centres, Aquatic Centre, Beaches, Recreation Grounds (Active and Passive), Arts, Leisure Development, Libraries, Museum, Arts Centre.

**TRANSPORT**

Road Maintenance, Footpaths, Bridges, Street Trees, Street Lighting, Cycle ways, Vehicle Crossovers, Depots, Parking.

**ECONOMIC SERVICES**

Rural Services, Tourism, Building Control, Economic Development.

**OTHER PROPERTY & SERVICES**

Private Works, Stocks and Miscellaneous Items.

(SS) Self supporting loan financed by payments from third parties.

(SAR) Self Supporting Loan where financed by combination of Specified Area Rate and payment from third parties.

All other loan repayments are to be financed by general purpose revenue.

**11. ELECTED MEMBER'S MOTIONS OF WHICH PREVIOUS NOTICE HAS BEEN GIVEN**

NIL

**12. NEW BUSINESS OF AN URGENT NATURE APPROVED BY THE PERSON PRESIDING OR BY DECISION OF THE MEETING**

Cr Paternoster raised the Financial training for Councillors being conducted by the Western Australian Local Government Association on the 4<sup>th</sup> July 2014 and expressed his interest in attending the training. The Mayor then raised that this is valuable training and should other Councillors wish to attend to please advise the CEO.

**13. CLOSURE OF MEETING**

Mayor Ballard closed the meeting at 8:47 pm
